

# MEET the RESIDENT DIRECTOR

## spring 2017 webinar series

Connect with our BCA Resident Directors (RDs) to learn more about summer and semester study abroad programs! Whether you are just starting to research study abroad experiences, or are certain that you will be attending a specific BCA program, webinars are a helpful way for you to connect with our RDs and have specific program questions answered. Feel free to attend as many program webinars as you would like as you research your different options.

“As a former student in the U.S. and Italy, my experience is that studying abroad is unique, enriching and can often be life changing. I am convinced that living and studying abroad expands your horizons and helps you both intellectually and personally...”

- Dr. Carmen Barbosa- Torralbo,  
BCA Barcelona Resident Director
